Manchester, NH • (603) 799-7635 • stollerk@gmail.com

PROFESSIONAL SUMMARY

Accounting student with hands-on tax preparation experience and active involvement in a financial consulting engagement for an Agri-tech startup. Supported pro forma income projection work, regulatory research, and entity structure analysis obtained my Quick Books Online ProAdvisor certification. Background includes managing high-value inventories with zero discrepancy and supervising teams in high-accountability environments. Pursuing a B.S. in Accounting at SNHU (expected 2027).

EXPERIENCE

Financial Analyst Consultant | Hydros AgriTech LLC | Remote *Oct 2025 - Present*

- Supported development of pro forma income projections covering sales revenue, recurring service fees, technology license royalties, and operating expenses across a 10-year horizon.
- Researched and contributed to corporate entity architecture analysis separating operating company, capital fund, and utility SPV risk profiles.
- Researched private utility liability exposure, disconnection law constraints, and EPA coastal watershed regulatory requirements relevant to project structuring.
- Contributed to position papers and financial reference documents used in executive-level conversations with investors and municipal partners.
- Perform ongoing bookkeeping and financial accounting services to current clients as a QBO ProAdvisor.

Tax Preparer | Jackson Hewitt | Manchester, NH *(Seasonal) Dec 2025 – Apr 2026*

- Prepared and filed federal, state, and local returns for individuals, partnerships, corporations, and select trusts.
- Gathered and reviewed client financial documentation; identified tax savings opportunities and communicated findings clearly to clients.
- Maintained accuracy across high-volume return preparation under seasonal deadline pressure.
- Processed returns incorporating 1099-INT, 1099-MISC, 1099-B, 1099-R, Schedule C, E.

Automotive Technician | Tesla Service Center | Londonderry, NH *May 2025 - Aug 2025*

- Diagnosed and repaired EV systems using software-guided tools; earned Tesla EV Level 1 Certification.
- Maintained service documentation and supported operations with safety compliance checks.

Automotive Technician | NuCar Volkswagen | Tilton, NH *Oct 2024 - Aug 2025*

- Performed complex diagnostics and warranty repairs on modern VW vehicles.
- Streamlined communication between advisors and technicians to reduce delays.

Automotive Technician Positions | Multiple Locations | Boise, ID *2012 - Oct 2024*

- Supervised four-person team; managed workflow, quality standards, and performance accountability.
- Introduced preventive-maintenance tracking system that reduced warranty claim rates and associated costs.
- Operated within a finance-affiliated dealership structure's, gaining exposure to consumer lending and vehicle asset management workflows.

Aviation Ordnance Technician | United States Marine Corps |*2008 - 2012*

- Honorable discharge at the rank of Sergeant; led teams of 8-15 Marines in high-accountability operational environments.
- Managed \$300 million in ammunition and explosives inventory with zero loss or discrepancy across the entire service period.
- Conducted weekly training operations for 500 Marines as Range NCO; responsible for documentation, compliance, and safety reporting.

Inventory Manager | RIX Industries |*2007 - 2008*

- Managed \$5 million inventory at age 18; improved tracking accuracy and operational efficiency.
